

SIMON ETHERINGTON - for position of VICE CAPTAIN of Weymouth Golf Club.

#### Short CV

I have been a member of Weymouth Golf Club since moving to the town, with my family in 1987, and have represented the club at both HardyB and Senior level.

I have run my Plumbing and Heating Supplies business branches from my Weymouth depot for the last 31 years, and that business has been, and continues to be, one of the Golf Club business sponsors.

I lead an active life both socially and physically, enjoying my golf off an 8 handicap, cycling, walking, fishing, and of course, football. Those of you that know me will be aware I have close links with Weymouth Football Club, as one of the Main Sponsors, Associate Director, and, for the last few years, as the Clubs Finance Director and am very proud to be part of the team that helped 'The Terras' to back-to-back promotions, all within a tightly controlled budget.

I believe my business and managerial experience will be an asset to the Golf Club. I have served on the MB since last June and am aware of the responsibilities and expectancies that the role of Vice Captain will entail, and if successful in my nomination, look forward to putting that into practice.
